Customer Reviews

Fun coloring book for adults or older kids. The captions are lengthy and wordy so it's hard for little ones to stay focused and excited about learning.

I have this book in my law firm. I practice in family law, and occasionally clients bring their children. This givesa the kids something to do while the adults are talking, and the content makes it appropriate for a law office.

I'm 52 years old and I still love to color. This book is great for anyone interested in History. I had to get this book as well as the Americans First Ladies coloring book because my oldest son has a Masters Degree in History! These are for me, not him.

Very detailed drawings. Good for older children with very fine motor skills.

good pictures with descriptions of who and why. Some of what they did or did not do and why those were important.

The pictures are nice and accurate but I was hoping for a more child like account of who each president is.

We use these as a fun add on to homeschool, kids had fun with this.

Great buy! Lots of information on each President! Kids love coloring and learning all at once !
