Synopsis

"WARNING - This book contains police and court transcripts of audio and descriptions of extremely graphic sexual violence contained in videotapes made by the perpetrators." Paul Bernardo and Karla Homolka were so perfectly iconic as a newlywed couple that they were dubbed "Ken and Barbie". But their marriage had a dark side involving sex, death, and videotape. The ’perfect couple’ first raped and murdered Karla’s little sister and then kidnapped teenage schoolgirls whom they enslaved, raped, tortured and killed while gleefully recording themselves on video doing it. Vronsky will take you on the journey from the Scarborough Rapist (Bernardo) to Bordelais (Homolka’s current last name) and her return to Canada in October, 2014 from the island of Gaudeloupe where she lived for several years with her husband and three children.Ã Â WITH (21) PHOTOSThis is the third book inÃ Â Crimes Canada : True Crimes That Shocked The Nation collection. Blown away and extremely impressed with this account of the case that is no doubt one of the most notorious crimes in Canada. It instantly comes to everyone’s mind when asked what the most infamous crime in our country was. I’ve read a lot about this case over the years, however, what I read before was nothing like this. Well written and expertly conveyed, this book is simply remarkable. As a fan of true crime, you will not be disappointed. Vronsky is a master of his craft and a first rate author.The transcribed videos of these two together was truly the stuff of nightmares. I did in fact have a fitful nights sleep after reading it. The extent of Paul Bernardo’s depravity completely blew me away. I mean we all have a general idea of how sexually deviant a rapist is by the nature of their crime, however the insight we get from the details on these videos shows a level of degeneracy that shocked me to the core.And Homolka? well I’m still a bit torn of what to make of her. Ruthless? Undoubtedly. Cold-blooded? You bet. However was she as bad as Bernardo? I may not be too popular saying this but I don’t think she’s quite as sick as he is. Feel free to disagree with me but I don’t think she would have done those things on her own. With what I’ve read so far about this case, she was led by him and his deviant sexual needs, and agreed to them because of her ruthless nature to do whatever it took to get what she wanted. And she wanted a picture-perfect life that she thought Paul could give her. But who know really.Highly recommend this one to all my fellow fans of True Crime.

One of the best reads ever on true crime. It is so good it makes you mad at the same time... Sometimes justice fails, but eventually Karma doesnt.. Graphic content made it even better.... Five starsss and up.... Peter did an amazing research....

This is a fascinating book.those are two sick and very twisted human beings.very well written.lots of research and time was put into this book.the details are very gruesome.she played along and killed her sister just to please her lover.very sad and twisted.i think she is/was worse than him.she is free

today.married with kids.that should be a crime.all true crime fans must read this book.by far one of the best reads in this series.

After reading this kindle edition, I came away deep in thought about the "Ken and Barbie" killers. It seemed their lust for each other drove them to kill. Karla Homolka was not the innocent girl people thought she was. Paul Bernardo, on the other hand, was born into evil despite his upbringing. Underneath his good looks and charisma, lied a profound darkness that consumed him for the rest of his life. In my opinion, he is where he deserves to be, behind bars that will forever hold him. Karla Homolka seems to have gotten what she always wanted; children and a husband that loves, supports, and protects her. Something she never had before. Peter Vronsky wrote a very compelling piece of non-fiction in the true crime genre. He has a high recommendation from me

Very well written book on this case. A must read for all true crime readers. Peter Vronsky did a great job telling the story of Paul Bernardo and Karla Homolka (the Ken and Barbie Killers). Explicit language and graphic details but that is the only way to truly tell the story of these two monsters. Hard to put down once you start reading this. Very horrific crimes by 2 people that seem like they could have had a good life but instead chose to terrorize, torture and kill young women and videotape their cruel crimes against this innocent young women including her own sister.This is the third book in the Series Crimes Canada. 1 book released every month in this 24 book series. Great reads and horrific crimes can’t wait to read them all.

I love reading about serial killers. So far, these two kids are the sickest individuals that I have ever read about. I don’t want to give any spoilers so all I will say is that its not only what they did to other girls that is disturbing its how the one killer, Karla, reacted to the crimes. Unbelievable. Just have to read it.

I finished this book in a few hours and I just could not put my kindle down at all. This case is one that will stick with me for a long time. The details are great the explanations of everything are on point. You really did your homework and detective work on this book.ÃƒÂ Ã Å¸Ã ËœÃ â very well written and you capture the attention of your audience very well. I don’t believe Karla got what she deserved but hey it’s justice and hopefully the families of the other two victims can have a little peace of mind. Paul got exactly what was coming to him and I’m glad. Great book and everyone should read this.

Unbelieable details about how Paul Bernardo’s sadism strung along his "love" Karla. I had to stop readind now & then because it was so nasty. It’s worthwhile to the True Crimer who may want to know details. Vronsky gives ’em!
