Synopsis

For all of us who ONLY want to color outside of the lines. If you arenÃ¢â ¬â„¢t one, itÃ¢â ¬â„¢s likely you know a rebel or two who can identify.Skulls and Siamese. Corpse paint and Persians. Baphomet, pentagrams, blood, and tabbies! Metal Cats Coloring BookÃ Â combines two juxtaposed and amazing subjects: the extreme personalities of the true metal music scene and their adorable kitties. Based on the photographs of the bookÃ Â Metal Cats, these incredibly cute and fluffy felines appear side by side with their loving owners withÃ Â bands like Black Goat, Thrones, Isis, Lightning Swords of Death, Book of Black Earth, Skarp, Harassor, Akimbo, Aldebaran, Atriarch, Oak, Ghoul, Ludicra, Holy Grail, Xasthur, Cattle Decapitation, Murder Construct, Exhumed, Morbid Angel, Municipal Waste, Skeletonwitch, Gypsyhawk, Nausea, Phobia, and Napalm Death, along with many other metalheads. Featuring 30 original drawings, it’s now your turn to get in on the action. Pull out your Crayolas and markers and help everyone look most evil by adding your own vibrant colors to these amazing and hilarious pairings. Fun for ages 1-666.

Customer Reviews

"Metal Cats proves these necromancing rockers love their kitties as much as you and I...ItÃ¢â ¬â„¢s pretty much impossible not to get behind the feel-good, communal nature of this project."-Wired.com"Crockett noticed the strong bond, and interesting dynamic, between men in the metal scene and their favoured felines. She soon set to work capturing these endearingly enamoured owners and their pets on film. The results are brilliantly unique and

unexpected..."-AnOther"Amonumentally awesome series"-Huffington Post"Aside from the entertainment value, the book also serves a great cause"-Spin"Combination of something fluffy and something hardcore"-Examiner.com"Black leather, spikes and tattoos? Check. Creepy and/or scary-sounding band name? Check. Adorable little kitty cat on your shoulder? Check!"-Guitar World --This text refers to an alternate Paperback edition.

Alexandra Crockett, a musician, zinester and jewelry designer, has been present and active in the metal community since age 15 and is currentlyÃ Â finishing up a doctoral degree in the Bay Area. Beginning her idea for the book by doing promotional photos for bands and friends she would cat-sit for, she found an interesting dynamic between men in the metal scene and their cats. The idea formed around giving accolades to local musicians and artists in the metal scene, while also bringing attention to no-kill shelters and their importance for animal rights.

Adorable, humorous, and interesting. I absolutely love the idea behind this book, was a must pre-order when I first saw it on . Finally received it today and as expected, it lives up to its title. Brutal and kvlt metalheads snuggling and showing off their adorable kitties! The book begins with an great heartfelt introduction by Bariann Tuite, then you get pages and pages of awesome unique photograph after awesome photograph - lots of the metalheads personality shining through in each individual photograph with their beloved felines. My only complaint is that I wish that the band members names were listed on the pages - there is a great index in the back of the book, however, but there is a lot of blank, black spaces under and beside a lot of the photos. Seeing the metalhead’s name and their band logo would have been nice, but that doesn’t stop this book from being a must purchase for any metalhead who loves cats! The photography is great, nice mixture of different genres of metal guys, and great quality thick pages. Makes a great coffee table book but another great thing is that a portion of the proceeds will go towards no-kill shelters. Recommend!

My son is a heavy metal artist, and the gentlest soul you could ever meet. He and his wife have one black cat, no kids, but they love their cat. Its so heartwarming to see the gentle side of these heavy metal guys.

Love the concept!! The images that rock stars often portray can be disarming, creating initial impressions that leave much to be desired. However... this book portrays another side of their inner souls. Viewing both sides of their mutual bonds opens our eyes to two often misunderstood

personalities.However, I wish the author had provided the artist’s identification with each picture. Having to leave the page and resort to a "non-index" really diminished the mental engagement of man and animal.As a cat-lover (not so much into "rock..), I bought this book for talented musician friends who understand and willingly live by the rules of their felines.

The pics were great, the book was filled with pictures however, not one picture had the pet’s name or owner’s name? You had to look in the index and the font is tiny and not very legible. Very disappointed with that.

Badass rockers and their kitty cats. What’s not to love.Have NO idea who these guys are. I’m more of a blues fan. Doesn’t matter. I’m also a cat person, so...

My five cats bought this book for my boyfriend for his birthday, and he was very entertained with it! The pictures are fantastic, not only because of the adorable cats and outrageous heavy metal rockers, but because of the subtle details about their lives which can be gleaned from the backgrounds. My boyfriend enjoyed identifying the t-shirts and posters, and I liked looking at the room dÃƒÂ©cor. The bonus is that proceeds from this book go to non-kill shelters.

I absolutely love the concept for this. So many of the dudes in this are adorable and the cats look so full of personality. My main issue, however, is that a lot of the photos are webcam quality and the printing is kind of... weird on a lot of pages. Like a photo that takes up one page and 1/3 of the next page, and then the remaining 2/3rds are black, then on another page it’s the same thing but the extra space is white. I guess it’s supposed to be gritty and imperfect because that’s more underground and Metal, but it might have been a touch too kvlt for my tastes. There are still plenty of gems in the book though, so this metalhead does not regret the purchase even if it’s a little less professional looking than she prefers.

Was a gift for my metal head & he loved it
