Synopsis

Yes! Bread in a Dutch oven is possible! Popular blogger Mark Hansen teaches you to use the time-honored Dutch oven to make dozens of different breads from all over the world. Enjoy rustic Italian breads, traditional ryes, French batardes, cakes, biscuits and more! Baking on your back porch or in your campground kitchen has never been easier.

Customer Reviews

This cookbook is the most informative bread baking cookbook I have ever had. I am working my way through the recipes and having lots of fun doing it. What did I do without it??

The best dutch oven cookbook for making delicious fresh baked breads at home or at camp. Very detailed in the bread making process for dutch ovens. Nothing like the smell of yeast breads baking in the dutch oven at camp

Very well written for those new to Baking in the dutch oven. Did chapter 1 this past weekend with good results.

I learned more about bread making from this book than any other recipe book. Excellent book even if you cook your bread in a conventional oven.

Great book with great recipes! This is a cookbook I will use over and over again. My family has

enjoyed every recipe I have baked from this book and there are so many more to try! I do recommend this cookbook for anyone who enjoys baking and or eating yummy bread!

Great little book! Very informative right down to the amout if coals the author used on top and bottom of Dutch Oven. Recipes are easy to follow and creative. Lots of ideas and he relates his experience cooking each one. If you are new to Dutch Ovens this is very helpful.

I have a Dutch Oven FOR INDOOR STOVES only. This cookbook deals with OUTDOOR COOKING OVER COALS/FIRE. No where did I see that mentioned in the product description or I would definitely would not have bought it. I don't do outdoor cooking! I had hoped that somewhere in the cookbook that the author might have given some idea as to how to deal with gas, electric ovens but alas it was not to be. I'll keep the cookbook & maybe find someone I can give it to as a gift. It is certainly not going to do me any good. And I am sorry for that. It has some mighty fine recipes in it.

only for cooking on coals, not for oven use
