Synopsis

Jerry Baker puts his expert reputation on the line, and on your lawn, to give you the kind of yard you've always dreamed of. Here is a complete step-by-step guide that will save you time, money, and effort, and give you a thicker, healthier lawn. Inside you will find: a state-by-state guide to the best kind of grass and lawn care for your location and climate; how to feed your lawn for the greenest healthiest growth; the right way to weed; how to protect your lawn, plus answers to the most frequently asked lawn care questions, and so much more.

Jerry Baker puts his expert reputation on the line, and on your lawn, to give you the kind of yard you've always dreamed of. Here is a complete step-by-step guide that will save you time, money, and effort, and give you a thicker, healthier lawn. Inside you will find: a state-by-state guide to the best kind of grass and lawn care for your location and climate; how to feed your lawn for the greenest healthiest growth; the right way to weed; how to protect your lawn, plus answers to the most frequently asked lawn care questions, and so much more.

Jerry Baker wasÃ Â a top authority on plant care. His plant and gardening books include the bestsellersÃ Â Plants Are Like PeopleÃ Â andÃ Â The Impatient Gardener. He also had a nationally syndicated and widely successful radio show,Ã Â On the Garden Line. He died in 2017.

This was a gfit and she uses the informtion often.

My dad shared his books with us while on vacation. After looking thru some of the recipes, my husband, who was not convinced they would work asked me to order him one. I did and he swears they work like a charm. His lawn is thicker and greener than ever before. And he has always been one to pamper his yard.

Great step by step information .Easy reading that keeps your interest and the home remedies are the extra bonus!

Great tips, use it like a bible or choose what tips you desire. My lawn is a big large to attempt some of the ideas Baker talks about - I'm not going to hand-mow 2.5 acres with spiked shoes. I am looking into adding a fertilizer injector system to my existing irrigation setup and use some of Bakers more natural tonics.

This is my favorite master gardener and I thought his work was lost when my first book was torn to shreds from over use. Now I have a replacement and my garden thrives!

If you care about the environment The Impatient Gardner is a wonderful book tohave on your library shelf as a reference. The simple and safe solutions to gardeningproblems are wonderful.

great book. I like the home remidies

I don't use this book my wife likes it and is busy concocting various recipies to chase - off the many insects that prey on our garden. She's having a great time so it must be working to some degree.
