Educational Testing Service (ETS)Ã Â is a private, nonprofit organization devoted to educational

measurement and research, primarily through testing. ETS develops and administers millions of achievement and admissions tests each year in the United States and 180 other countries.Ã Â These include the TOEFLÃ Â®, GREÃ Â®, PraxisÃ¢â Â¢, and other standardized tests.

Great study guide to prepare for the HiSet!

Very helpful, when you actually read it. ;)

The explanations in this book have helped my son prepare for these exams. Sitting at the computer long hours each day was giving him headaches.

Very helpful for teaching writing students. HiSet differs markedly from the GED test rubrics, and this text sets out those differences nicely.

Alot of practice test,,so far so good.

Easy to understand, love the practice tests. Would highly recommend

Good book but there is nuthing on the test about anything your studying..also if you take adult classes..we didn’t learn anything that the test covers.its crazy how u expect to pass a test that u know nuthing about.??i prefer GED ..at least then you were taught exactly what was on the test and how to work the problem n understand it.

Definitely necessary for HiSet test takers. Often becomes repetitive because same examples are used many times...but with different questions. I would prefer many different types of examples. Otherwise, students feel it is very useful and have been successful using this book
