## Customer Reviews

If itÃƒÂ¢Ã â ¬Ã â„¢s on the test, itÃƒÂ¢Ã â ¬Ã â„¢s in our books!  Get the help you need to ace the APs with the experts at The Princeton Review.  View larger

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Great book, excellent content and very well formatted information. The first 150 of the pages in the book explain what is on the test, and how to answer the questions correctly and strategically. Then there is 300 pages of content review which is very easy to read, with plenty of room to highlight and take notes. At the back there is 3 practice tests with answers in addition to the practice test at the front of the book which also has an answer key for the writing portion and the multiple choice section. Have not taken any of the practice tests yet (I don't start the class for a week) but they look very accurate to what I have heard about the US History AP exam.

Good
