Customer Reviews

Great Tabs that I have never got in any of the mags throughout the years such as Bye, Bye love and many others.Elliot Easton is one of more unique guitar players who is a master at filling space with clever licks that are as underrated as he is as a guitar player. The simple licks you’ve heard for over 20 years aren’t so simple to pull off as you might think.This book has been a goldmine of rock n roll licks and llessons.

There are some very tasty and difficult guitar lines/solos on some of the greatest Car’s material. I had to buy this book so I can use it as the road map to tackle some of my favorite tunes from back in the day. Easton has an under rated guitar player.

I was under the assumption it had a CD or DVD included to learn the songs.. Really needs that as some of Elliot Easton’s solos can be quiet involved.

Good book if you like the songs. I do.

It is in TAB for Guitar which is rare.I like the track listing although I wish there was an addition track there or some addtional folios in TAB.But,Great for learning the style of these musicians.Thanx.Steve.

Easy to read tabliture for some great Cars songs.
