Product Dimensions: 8.4 x 0.8 x 10.7 inches

Shipping Weight: 2.8 pounds

Average Customer Review: 4.2 out of 5 stars 13 customer reviews

Best Sellers Rank: #170,537 in Books (See Top 100 in Books) #45 inÃ Â Books > History > Ancient Civilizations > Prehistory #323 inÃ Â Books > Textbooks > Humanities > History > Ancient #631 inÃ Â Books > Politics & Social Sciences > Anthropology > General

Customer Reviews

To read Brian Fagan’s People of the Earth, in any of its editions -- I now have three (sixth, tenth, and twelfth), is to experience the valued learning from a classic text on human evolution, especially due to his emphasis on the correlation of human development to the last Ice Age, the Pleistocene. Mr. Fagan’s conscientious expansion and revision of his subject matter is noteworthy and invaluable.

Very good histort of the beginnnings of man on planet Earth. Very thorough and most intersting for all ages.

If there is one guy who can make you enthusiastic about archeology, then it must be Brian Fagan. The way he explains what went on, why it went on and what archeology was all about then compared to now, has gotten me hooked on archeology. I am now buying more books on the subject. He is not just an archeologist, he is a damn good writer.

The site said the book was in "Good" condition, but I found nothing wrong with it at all!It was in better condition than expected, and shipped very well.

Excellent, exactly as described!

I have learned a lot about ancestors. Helped me learned a lot how life works. Very useful for school. I still have the copy.

Very good histort of the beginnnings of man on planet Earth. Very thorough and most intersting for all ages.

The quality of the product was not as the one described when I purchased the book.My rating is only 1 star since this is not worth what I paid.I tried to make an arrangement with the seller, but she never really made any effort to settle this misunderstanding. The seller had this book under NEW conditions, but the book I received was torn from the first page, had its corners bent, and had a stamp in the front page saying USED.This seller is not very trustworthy one what she sells.
