The first page of this ebook does not work. It is a large picture of a camera with an exclamation mark in the lower right corner. The second page has the same image, but smaller. Not sure what was supposed to be here but it definitely isn't showing up on either page. The ebook starts off with the birth of Jesus. There are pictures and paragraphs to describe the story. The next section is entitled "Jesus, the Son of God," however, there is no text at all to go along with this section, only two pictures of Jesus. The "Beatitudes" are what you will get into on the next page. Each beatitude

is written and illustrated with a ton of pictures. The next parts of the book are kind of random - some scriptures and some pictures until you get to a section entitled "How to be Wise" according to the Proverbs. Strangely, after this part, are two pictures of the crucifixion. There is NO EXPLANATION whatsoever though. I'm sure that little kids will be wondering why Jesus is bleeding in the pictures. This part, in my opinion, is poorly done. The books ends with John 3:16, which is the scripture explaining how God gave His son for us all. I feel like the book started out with good intentions but then the authors got bored or lazy. The end seems very thrown together and not very well-constructed.I received this product at a free or reduced price in exchange for my honest and unbiased review.

Bible stories always Make me think of when I was a child. Sitting down with children of any age and reading the Bible, helps make a family feel much closer. It shows our love for each other and our love for God. This book has beautiful, colorful graphic pictures. The first story is about Jesus's birth and it shares the joy of this new family together. The next Bible story is The Beautitudes and shares all the Blessings from Jesus and God. I love the pictures and pointing out the what each of the pictures are showing. How to be wise is from Proverbs 1:1 - 7 gives good instructions and directions for all ages. This book ends with the verse For God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish, but have eternal life." The title is Baby's First Bible Story Book. I am not certain the specific age of the target audience for this book . There are many large words for a baby or even for a toddler. Sometimes one sentence at a time is best for little ones. We enjoyed pointing out the animals and the fish and loaves of bread with the pictures. Whether the reader is a grandma or grandpa, mom or dad, or even a sibling, it is wonderful spending time together reading Bible stories. I was given this free product for an honest review of this product.

While the idea is good the execution is not. Some spelling and editing errors and words much too largeto read to a child. You would have to use different words than those used to tell the stories in this book.Reading at an older age is ok, but definitely not young children and certainly not babies unless you arejust trying to get it into their subconscious. I found a discrepancy in the story of the birth of the Christ. Itwas not as the story said that they "fled" into Bethlehem. It was because it was time to be taxed and Josephneeded to go to Bethlehem. The fleeing was after his birth. I did not think the writing really fit the picturesand the one picture of the Christ was evil looking to me. My children who looked at it did not really like it.The youngest was the one I got it for but she said she

liked her story book of Jesus better. One of theolder children picked up on the reason for Mary and Joseph to go to Bethlehem. They know the story sothey were not at all impressed with this book.I received this book free in exchange for my honest review.

Adding my review of Baby's First Bible Story Book: Bible Stories for Kids as an ebook, so bare with me. I downloaded this instantly from after purchase, to my cell phone to use with my free kindle app on phone. Unfortunately, my actual Kindle Fire was having difficulties and I could not download to it. So my review is based on using a Samsung Galaxy S5 phone screen.Received Baby's First Bible Story Book as an ebook, and enjoyed reading with my daughter. This book has really pretty illustrations to help entertain the reader and help tell the stories they share from the bible. My daughter and I spent some time looking at the illustrations, and discussing its relation to the story written. This book is worded as a summary of each story, making it easier to read and understand for young and old new to the bible. The verses are included to help reference the story, and help the reader link the text to verse. I liked the way it reads, nice easy to understand text in small paragraphs.Overall, I really enjoyed this ebook on stories from the bible for children immensely. It is an interesting read filled with wonderful illustrations for all ages to enjoy! A child could learn a lot from reading this book and quickly relate to the stories included. Baby's First Bible Story Book is well written and easy to read and comprehend.I received this ebook for free or a discounted price to offer my honest opinion concerning this ebook. My review is based on my personal trial of this ebook. I understand the importance of an honest review to help other consumers make an educated purchase. I hope you have found my review helpful.
