Synopsis

A Ã¢â ¬Å“you are thereÃ¢â ¬Â• guide to masterpieces of Western music.Music Then and Now offers a vivid introduction to Western music by focusing on 28 works in-depth. Its Ã¢â ¬Å“you are thereÃ¢â ¬Â• approachÃ¢â ¬â ¢demonstrated by each chapterÃ¢â ¬â„¢s rich historical and cultural contextÃ¢â ¬â ¢engages students in the excitement of hearing the music as original audiences did when the music was first performed. Covering all historical periods and genres, the book gives students all the tools they need for close listening.

Customer Reviews

Thomas Forrest Kelly is professor of music at Harvard University. He studied musicology and chant on a Fulbright in France, and he has taught at Wellesley, Smith, Amherst, and Oberlin Colleges. His previous books include First Nights: Five Musical Premieres and First Nights at the Opera. He lives in Cambridge, Massachusetts.

Got the book I needed, just wanted to make a note that I received the book damaged. I just received it a couple of minutes ago and I wanted to have some sort of history incase I return it and someone says I damaged it. There was a sticker in the front saying USPS received the package already opened from the seller.

A nice book especially for the more-than-amatuer, less-than-full-professional reader. Well written and full of information for anyone.

This book took too long to deliver. The semester was half way gone before I got it. other than it served its purpose. late but it served.

Excelent

Great!

So I got this book in fairly good condition, however the front cover and the pages attached to it are detached, as well as I can't use the code in the book. Wish I had known prior to purchase. I may just return the book, given the fact that the code is no good, and the leaves seem like their gonna fall out once I start flipping through this book.

The condition of the textbook is great, the shipping was great. My only complaint and its a big one - the online ebook authorization code does not work. I have had to go through Norton's help desk twice now.

The book it's self is informative but the pages keep falling out. Used-Acceptable my ass!
