I just wished the publishers would include a page that just has the lyrics and guitar chords to go with each song. Once the song is learned, it is just a matter of seeing the words and chords without having to turn so many pages.If someone picks up on this idea, please give me credit!

Thanks for a great book - my daughter has been enjoying it!

Bought for my wife and she loves it. The songs are easy enough to learn quickly and they are modern worship songs.

This was a gift that my daughter had picked out.

Great collections of contemporary hits, and very well put together for piano and guitar.

Wonderful songs and good quality book. Exactly what I was hoping for!

Wife likes it very much. Plays guitar and likes the music.

Amazing book!
