My Daughter LOVES this book. The sounds sound great even though "easy" level. Great selection

of songs. Will buy more books like this

I like that it is easier to play music, but some songs I played with the youtube video of the actual song and it sounded weird? It was only a few. Most of them were amazing! and I'm sure it is the musician, not the arrangement that sounds weird! (meaning me) thank you!

Awesome piano book with great Contemporary Christian Hits! Truly is an easier version for my daughter to learn!

Favorite piano book ever!

I don't care for this book at all. As a flute player it it just too difficult to play from this book with the songs being on 3 or 4 pages. Having to stop to turn the page. And the book is impossible to keep open while you play. Short of breaking the spine of the book. Once you get it situated and start playing, then have to turn pages it again won't stay open. It's just not a good book for a flutist, may be ok for piano. I'd prefer my money back than to deal with it.

Nice variety of songs, most copyright 2010 or later. As a piano teacher, I'd consider this as late-beginner; most pieces in key of C,G,F, D or Bb; 2 staff with melody in right hand; guitar chords included.

The book is nice, but the songs range over several pages, making it difficult to play, turn the page, and keep the book open. It's got good songs in it. I'm happy with it, but i prefer when the songs are on 1 or 2 pages with no page turning.
