Synopsis

The Hardcore Lady-Types Return in another deluxe hardcover collection!Together, Jo, April, Mal, Molly, and Ripley take on everything that goes bump in the night. From scary stories to magical portals that lead to a land untouched by time, it's definitely not your average summer! Later, camp counselor Jen just wants to have a normal lesson with her cabin, teaching the girls the basic survival skills needed without any supernatural intervention when a blizzard hits camp. Written by National Book Award-nominee Noelle Stevenson (Nimona, Adventure Time) with co-creators Grace Ellis and Shannon Watters, and illustrated by the tremendously talented Brooke Allen (A Home for Mr. Easter) and Carolyn Nowak, Lumberjanes is a treat for all ages! This hardcover edition collects Volumes 3 and 4 of the New York Times bestselling series along with a wealth of behind-the-scenes content.

Shannon Watters is the creator of Lumberjanes, a comic book editor, founder of the BOOM! box imprint, andÃ Â all around classy dame. Noelle Stevenson is the creator of the web comic Nimona. Stevenson started Nimona as a student at Maryland Institute College of Art. The comic was first published in June 2012 and doubled as Stevenson's senior thesis.

We bought this as a give for my teenage daughter and I am giving it 5 stars based on her reaction. She had read a couple of these graphic novels from the library but could not get more and wanted to read them. She opened this at our family Christmas party and next time we saw her, she was sitting in a corner reading it!

Wonderfully written and illustrated. Fantastic stories of adventure, imagination, friendship/teamwork to inspire and empower any girl (and boy!).

I want more! This series is an amazing read for all ages!

The change from the original art style in the first story arc of the book was a little jarring. I think more so since I just read 400 pages of the same exact art style and became more easily accustomed to it, instead of going chapter by chapter month by month [which is a long enough time that a change like that won't feel weird as much as it did this way]. I do really like the small mysteries being solved as we all try to unravel what this summer camp is all about; I have my theories and I'm eager to science them out.The way these kids are handling hardships and problems and just growing closer to each other is beautiful and I can't imagine a world where this story stops.
