I like these recipes

I am of German heritage and a friend would make some of the recipies in this book that we liked very much. I kept borrowing her book so often that it seemed logical that I should own one also. She told me it was out of print, so imagine my delight at discovering it at . Now I can make some of the dishes my German Grandmother used to make.

Since both of my parents came from Germany, I have first hand experience with German food. This book has a lot of the old German recipes that are hard to find. I highly recommend this to anybody who wants good German food! Prost!

These are older but still relevant. Genuine article!

My wife wanted this and is thrilled to get it. German cooking is what I wanted and this is the way to go. Get your wife this cook book if you like German cooking.

Good old school German cooking just like Oma’s

My wife love the meals in the book.

Lots of wonderful recipes!
