Synopsis

Catch Darkwing Duck, Launchpad McQuack, Gosalyn, and others in this fan-favorite revival of the smash-hit Disney Afternoon animated series. More slapstick crime-fighting adventures awaitÃ¢â ¬â •starting at the origin of the dastardly Fluffy and culminating with a botanical battle royale against an army of vicious potatoes led by, well, not quite who you might be thinking!Fans of the daring duck of mystery will love this collection of issues 5Ã¢â ¬â œ8 of the original comic series from Joe Books.

Disney Publishing Worldwide (DPW) is the world's largest publisher of children's books and magazines, igniting imagination through storytelling. DPW creates and publishes books and magazines both vertically in-house and through an extensive worldwide licensing structure. Headquartered in Glendale, California, within the Disney Consumer Products and Interactive Media business segment, DPW publishes books, magazines and digital products in 85 countries in 75 languages. For more information, visit disneypublishingworldwide.com.

Incredible continuation of the Darkwing Duck canon, and due to poor sales, sadly, the end. I gave

this rating to balance out the 1 star from an overly conservative person who felt it was too dark for children. Look around you, the world is dark. The comic is nothing worse than what kids saw in the 90s cartoon.

My childhood wrapped up in a comic book. I do hope they continue with the series as there is more to learn about other villains and more story lines to finish up. If you loved DW when he was on Disney Afternoons, you will LOVE this comic and the nostalgia. They also relate to previous episodes (and they give you the episode number and title) in the story line, so you can easily go back and watch the back story if need be, or if you remember it, you're good to go. I think this book is fine for all ages, for those that are afraid their children might be a little too scared by it, it does reference more modern day shows like Walking Dead for example, as this one deals with zombie potatoes taking over and vampire potatoes etc, but it's all in good fun.

An amazingly fun and smart continuation of both the classic show, as well as the Darkwing Comics Treasury and Volume 1. While you don't have to read those previous volumes or remember much of the show to understand and enjoy this edition, there are plenty of Easter eggs and subtle callbacks if you do. In fact, the story that one reviewer found "dark and scary" and "immodest" is neither; there's some spooky imagery, but it's a gut-busting parody of The Walking Dead and other zombie fare, featuring potatoes as the antagonists (so there's absolutely no gore) and as it centers on the villainous Bushroot, actually becomes a rather touching story of love and redemption.The rest of the volume features two extremely light-hearted tales, one of which takes place at a comic convention and features the return of a character that "died" on the show, leading to a side-splitting romp through the con, and more visual gags than you can shake a gas gun at. I highly recommend this book (and the previous editions) to anyone who loves Disney, adventure, stories with heart, and most of all, comedy.

Yay! Daring duck of mystery returns for the second trade. Please buy this book to keep DW around! Great art and fun stories playing off the nostalgia of our favorite masked mallard make this a must have.

I'm not sure what the other reviewer is talking about, this is a wonderful book! Laugh out loud for all ages, jokes for everyone and so cleverly written and beautifully drawn. I hope there are more volumes to add to my collection after this one, this is a book that should not be missed!

This is one of the best comics on the market... I hope it gets a third volume! The art is incredible, and the writer clearly understands these characters through and through! The adventures are fun and the dialogue is witty... I found myself laughing out loud at several gags and situations the characters found themselves in. This is *the* funniest book of 2017, hands down... but the humor in no way comes at the expense of the story. In fact, the story (especially the Bushroot two-parter that sends up zombie films and The Walking Dead) is especially heartfelt. Recommended for all ages with zero reservations. It’s a delight for kids and adults alike!

The website said this book is for children 9 and up, but this it is not at all appropriate for children. The content is dark, scary and immodest. It’s nothing like the TV shows or other Darkwing Duck comic books we’ve enjoyed (Collections 1 and Treasury Volume 1). I wish there had been a picture of the cover on here. You can see just from the cover how dark and gruesome it is. We were very disappointed and returned it.
