great book

What a wonderful book. My nephew was adopted from Guatemala and wanted to learn about his country. I gave it to him on his birthday and he loved it.Get book for ages 8-12 years.

we bought this for our daughter adopted from Guatemala and she loved it. it's a great way to talk with her about her home country and to provide her with very nice pics of the people, country and culture. highly recommend.

We bought this book to have for our 3yo who we recently adopted from Guatemala. What we found was that it was also a great book for our 8yo. She was able to learn so much about the country where her sister was coming from! It tells all types of things Guatemalan - from customs to geography to language - and it hits on many of the key learnings of "what is Guatemala" that are relevent to younger children. Now that our 3yo is home, she loves the book too because of the pictures - she certainly can relate to them. I highly recommend it to anyone adopting from Guatemala or wanting to learn the basics of what a beautiful and culturally rich country it is.
