Synopsis

Although her family does not celebrate birthdays, Muhiima wakes on the morning of her 10th birthday to an unusual surprise. Her mother gives her a carefully drawn map with instructions not to ask questions, but to simply follow the map. Muhiima sets off on her bicycle to begin a quest that will take her all around town. At each destination on the map she is gifted with an important message and a mysterious little box. Travel with Muhiima on her journey and discover how the pieces of this puzzle come together. MuhiimaÃ¢â ¬â„¢s Quest is a story of self-discovery and a celebration of diversity with the message that our heritage and faith are what make us unique and special.

Customer Reviews

A very well written and illustrated book, I am really thankful to the author who kept the story simple with great life lessons. The little reader will be able to relate to Muhiima which is important so that the child can understand the values mentioned in the book. I also like how the author was able to marry culture and Islam without overstepping. I highly recommend this book!
