Synopsis

A Cross-Cultural Curricular supplement. In just five short years, WORLD MUSIC DRUMMING has become the hottest new addition to the school music curriculum in years. In thousands of classrooms (grades 3-12) across the U.S. and Canada, teachers have found that this active, hands-on approach really works. Through the teamwork approach to learning West African and Caribbean drum ensembles with songs and movement, teachers are able to reach all of the students - even in middle school! Now comes Will Schmid's new book and playalong CD, World Music Drumming: NEW ENSEMBLES AND SONGS, that supplements the original World Music Drumming curriculum. These new pieces expand the drumming spectrum to include new culture areas and contemporary drumming styles. All pieces and songs have been kid-tested by grades 3-12. Available Book/CD Pak.

Great for any ability level. I use this in all my music classes, including rhythm for voice students as it helps to develop internal sense of rhythm and ensemble skills. They love the drumming circle challenge of holding their part. Well written for this kind of activity.

The selections and background information in this book offer good options for ensembles for middle school students. The instruments needed may not be available to everyone, but substitutions can be made as necessary.

I will be using this with my 5th grade drumming club. It’s very clear, organized, and helpful. I think the kids will have a lot of fun!

Great Resource Used this with a class and students picked up new songs quickly.I recommend this and all of Will Schmid’s material. He is a true educator.
