Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I am a music teacher, and most of my young students love the Disney music. Unfortunately, regardless of the label "easy", Disney seems to always insist on keying their songs with flats and sharps, syncopated rhythm, and too-often mid-song key changes. I've used the Disney books for students of piano, as well as violin, and the same issues apply. What is so difficult about making a

piano book with songs in the key of C, or maybe even occasionally G or F....? Would it be asking too much to simplify that syncopation so that measures could be easily read by beginners?? Must a violin book include flatted keys?? Sure, we all love the originals-- jazzy rhythm, full orchestration..... but please give the wee ones a fighting chance at success in their early training.

Item arrived in good condition and packaging. It is as described, easy songs for beginner who has played for 1-2years. Good selection of familiar Disney songs with easy composition to follow.

My wife wanted this collection. I only like a few of the songs like: Under the Sea, When You Wish Upon A Star and Zip-A-Dee-Doo-Dah. Most of the songs are fillers that take up space and time. Yes the music is written easy, but almost too easy.

Great music, easy to pick up for a beginner. The only complaint I have is that there are no songs from movies created beyond 1989 (The Little Mermaid), including several that I have never heard of. Otherwise, great value and it makes me excited to practice piano!

When I began picking up piano again after many years of not playing, I picked this book up to stretch me a little bit. I was surprised how quickly I was able to pick up the tunes and put them into practice. Sadly, carpal tunnel took away my newfound delight in piano, and I had to set it aside.However a friend who has spent many years playing piano and organ had a stroke. While she is continuing to recover, she finds it difficult to play lengthy pieces of music, so I am recycling this into her much more worthy hands!Great for Disney lovers.

Bought these as a gift for a new player. Great to get tons of songs, but she finds the beginner Taylor swift book I got her easier to play.

Amazing Selecion of popular Dysney tunes ! My students LOVE it! Easy to read . This book became a hand book for every party !

Too easy and simple. I'm going to consider getting the "Revised" version, which looks to have richer arrangement.
