Synopsis

Eleven-year-old Adam loved to travel throughout thirteenthcentury England with his father, a wandering minstrel, and his dog, Nick. But when Nick is stolen and his father disappears, Adam suddenly finds himself alone. He searches the same roads he traveled with his father, meeting various people along the way. But will Adam ever find his father and dog and end his desperate search?

Customer Reviews

Happy to find this book, one of my favorites from my childhood. I read it out loud to my adult daughter as we accomplished a long drive from the northern edge of the U.S. to the southern. She was impressed by the development of the story and the fleshing out of the characters. The author also did a wonderful job of bringing this period to life.

We decided to homeschool for a couple of years and this book was listed in our lesson plan. My 11 year old son loved the book and so did I. It is a wonderful historical and moral lesson that will be read for pure enjoyment again and again

This book provides a very accurate piture of the life of a minstrel in England in the late 1200's. The Magna Charta and the beginning of the House of Commons is mentioned, which was the first time in Eland's history when the common people were included in representative government. This is an enjoyable story as we travel with young Adam through England as he finds himself alone searching for his dog and father while meeting many interesting people.

Good book, classic story, a little slow and dry for modern kids, but they enjoy it once they get into the story.

Good

boys liked it.

Good story. It's not too in depth, but still an enjoyable read.

Wonderful story. My son-in-law read this as a bedtime story to his children while we were studying the Medieval era. Adam's story made feudalism more understandable.
