Synopsis

This is an outstanding bowling instructional book written by PBA and USBC Hall of Famer Brian Voss, one of the greatest bowlers of all-time. He articulates all of the various functions that past and current superstars use along with unique graphics never seen before in a book of this kind. YouÃ¢â ¬â„¢ll get insight on how he thought when competing against the greatest bowlers in the world as well as some of his most intimate thoughts. This is a great read that will certainly expand your knowledge in the vast information pool of competitive bowling.

Customer Reviews

Brian Voss bowled on the Professional Bowlers tour for more than 30 years. He was inducted into the Professional Bowlers Association Hall of Fame in 1994, as well as the United States Bowling Congress Hall of Fame in 2008. He is currently 10th on the All-Time PBA tour titlists with 25 victories. He brings a wealth of information to this book with over 48 years of experience, and more than 25 years of teaching and hosting seminars all over the world. --This text refers to an out of print or unavailable edition of this title.

Quoting Brian, "I've always been someone who wants to know why things are as they are." Brian does a fine job of explaining the key elements of the process bowling and the bowling environment.Another quote from Brian, "It is my sincere desire that each and every one of you that read the things I have to say will somehow gain in knowledge about this great sport of bowling". I believe what he set down in print can go a long way towards fulfilling Brian's wishes. Borrowing a thought from Mark Baker, this book can go a long way towards changing people that just bowl into

bowlers.And yes, Bowling is a sport.Highly recommended.Knowledge is a treasure that is worthless unless it is shared.

The illustrations on this book showed me a lot on the mechanics of bowling, that I was not aware of before. 90% of the book was very educational. I just couldn’t buy into the topography aspect of it. But I learned and retained a lot from this book. I still recommend it.

This book is a must have for every bowler. It is well written and easy to understand, and I had many "ah hah" moments. This book gives a comprehensive look at the mechanics with the body and the ball that is easy to understand. My husband who has bowled all his life and is advanced found it very useful as well. I will keep returning to this as a reference as I improve my game.

Great informative book from one of the most experienced and knowledgeable pros out there.

Helped me improve my game....his explanations were detailed but clear...I recommend to any serious bowler who wants to truly understand what is happening when he bowls

It feels like this is Brian Voss magnum opus. After bowling for well over half his life Voss leaves us footprints that we can follow on our own personal journey to maximizing our bowling potential.

given as a gift

This book is great! If you are learning or already a great bowler it keeps you focus day in and day out. Buy one and get your game back on track.
