Synopsis

The Hermetic Order of the Golden Dawn has been considered one of the most important Western magical systems for over a century. Although much of their knowledge has been published, to really enter the system required initiation within a Golden Dawn temple Ã¢â ¬â ¢ until now. Regardless of your magical knowledge or background, you can learn and live the Golden Dawn tradition with the first practical guide to Golden Dawn initiation. Self-Initiation into the Golden Dawn Tradition by Chic and Sandra Tabatha Cicero offers self-paced instruction by two senior adepts of this magical order. Llewellyn was the company that republished the original books on the Golden Dawn after they had been ignored for over a quarter of a century. We have always thought that the Golden Dawn was important. That's why I'm glad we can present Self-Initiation into the Golden Dawn Tradition by Chic and Sandra Tabatha Cicero. It offers the most comprehensive and scientific system for studying the Golden Dawn tradition ever published. With this book, you have everything necessary to initiate yourself through the outer grades of the Golden Dawn, from Neophyte through Portal — a total of six initiation ceremonies. These rituals are specially designed for the solitary practitioner, but they can be adapted for groups of two or more magicians. Each grade initiation is followed by a comprehensive Knowledge Lecture for you to study and absorb. Each chapter provides an examination at the end, so you can test your grasp of the material and check the answers in the back of the book. The Knowledge Lectures are expanded with more in-depth information than has ever been published in one place before. You will learn other rituals, divination, and more as you move through the Grades. Never before have the teachings of the Golden Dawn been so readily available. You can learn it all when you get Self-Initiation into the Golden Dawn Tradition.

Both Chic and Tabatha are Chief Adepts of the Golden Dawn as re-established by Israel Regardie. The Hermetic Order of the Golden Dawn, of which Chic is the G.H. Imperator, and Tabatha is the G.H. This book is chock full of information, written in an accessible manner that doesn’t insult intelligence. I use this to supplement my Grade readings and material. If I were running my own Temple, this would be recommended reading for all Candidates and Initiates. Thank you Chic and Tabby for writing this!

The Self Initiation into the Golden Dawn has been something I have been looking forward to for a while. Basically this will do exactly that, and do it well. However do not look to this book for more abstract or advanced magical practices or mental development; this really is just the start and some may consider it an unnecessary formality. I probably do. That, however, does not take away from the fact that this book does exactly what it says it was and that is why I give it a four star rating. Yes this is a sizable book at a low cost but size is hardly as important as content and certainly does not make up for it.Realistically the modern magician is going to probably need or at least want a personal library of many subject related text which comes with a hefty price tag. This should be one of those books, and at about 25$, it will be one of the less expensive additions to your collection.These authors are also very good to check out:Franz BardonLiz Greene

Excellent resource for those working the Golden Dawn Initiatory path. Outside of the "self-initiation debate". This is a great resource that has almost all of the theoretical background on the Golden Dawn System of magick. If you wanted to be a minimalist, you could get by with just this book and Dave Griffin’s "Ritual Magick Manual". These two books will have you doing Golden Dawn Ritual magick right away.This book as all the knowledge lectures and initiation rituals of the Golden Dawn’s outer order. It also adds the needed astrology.

I’ve found this useful in comprehending the process of initiation through the Golden Dawn schools. However, to truly have a self-initiated experience, I think one would need to have an extra resource at their disposal for a more in-depth look. This book along with David Griffin’s "Ritual Magick Manual" will do wonders for the solitaries wishing to dedicate to the Hermetic Order of the Golden Dawn path.

Okay

In purchasing many books for study, this one is just as advertised, but its not a quick read, just fyi, its a study course for solitary use, and learning, and will take a year, but if you are someone who is really interested for whatever reasons,for research or if you are making a study to become an adept, this will do just wonderfully. It teaches just as if you were in a class, with some really delightful images and serious encouragment with explanations.

It is comprehensive in scope and has been very illumination. Everyone even curious about the GD tradition needs to own a copy of this.

It is a really in depth book, and definitely not for the beginner or the faint of heart. If you are interested in the Golden Dawn system of magic, but have no temple nearby, or anyone to train you, this book is for you. This book can even be adapted to include friends if need by. It’s definitely not a simple read that can be read in a week.
