Synopsis

When fly-fishing guide Rusty Wilson decides heÃ¢â ¬â„¢s tired of listening to others talk about their Bigfoot stories and instead wants his own encounter, a strange series of events leads him into the wilds of Colorado, Utah, and Wyoming, with an eventual rendezvous in the rugged mountains of Montana.In the Preface of his book, Rusty writes, Ã¢â ¬Å“I always wondered what it would be like to go searching in places where there have been actual Bigfoot encountersÃ¢â ¬â •places I call Bigfoot hotspots. I wanted to see a Bigfoot, but I just couldnÃ¢â ¬â„¢t justify intruding into their terrain. I know I wouldnÃ¢â ¬â„¢t like someone coming into my territory, purposely searching for me and my family. While thinking about all this (usually while fishing), a thought finally began to take shape: what if I were to go to Bigfoot hotspots and just hang around camp, trying to be as unobtrusive as possible and not tramping into the woods looking for them? Would they maybe come to me from curiosity? Another thought was in the back of my mindÃ¢â ¬â •would I be able to find definitive proof of the existence of Bigfoot, something many scoff at or question? And if I did, what would I do with it? I wanted to see oneÃ¢â ¬â •in a nutshell, meet the elusive creature IÃ¢â ¬â„¢d heard so much about over campfires. So, I decided I would go camping. I would take off for a month and follow my heart, go chasing after the Big GuyÃ¢â ¬â •though I can tell you, when I realized my dream could become reality, I was kind of scared.Did I have what it would take to camp in a tent in these Bigfoot hotspots all alone? I wouldnÃ¢â ¬â„¢t actually be chasing after BigfootÃ¢â ¬â •if anything, heÃ¢â ¬â„¢d be chasing after me. I hoped I had the fortitude and courage to let him find me, were he so inclined. To be honest, the thought was both intriguing and terrifying.And so, in late July, off I went, and I can tell you thisÃ¢â ¬â •it takes a lot more to live through a Bigfoot story than it does to hear someone elseÃ¢â ¬â„¢s. There were times when I amazed myself at my courageÃ¢â ¬â •but more often, I was shocked at how big of a chicken I could be. Things just didnÃ¢â ¬â„¢t come down like I expected them toÃ¢â ¬â •not one bit.Ã¢â ¬Â•Join Rusty on a wild adventure that will leave you scared to go out in the woods, as well as wishing you were out thereÃ¢â ¬â •and with the hope that just maybe, Bigfoot will choose you for an encounter.

I have read all of Rusty's books (several times, they are that good) and was looking forward to this one. Rusty turns the tables and tells his own story. He takes us on a sweet & touching journey, encountering old friends and making new ones. As usual, his books are a cut above and he is an outstanding storyteller. No spoilers here, but this is definitely worth your time and if you haven't read his other books, start your collection now. His tales of Bigfoot encounters are exceptional and this book continues the tradition. His books have heart, which make them stand out above the rest. They have a human element that other books of Bigfoot tales often miss. A must have to your Rusty collection. If you enjoyed this book and I am sure you will, visit his blog to drop him a line and say hi. He loves to hear from fans. I am glad he shared his special journey with us.

I have read all of Rusty Wilson's books and love them! From his thrilling campfire stories to the Bigfoot Runes, his books show us another world....a world still out there...a quiet, wide, mysterious world beyond what we humans know. Chasing After Bigfoot was a more in depth, intimate read about Rusty's own true life adventures in the wild and boy is it a page turner! To think how many times this man has been so close to death gives me chills. There are two really close calls in this book and a nice surprise bonus for his readers. Rusty makes a new friend who really adds to the adventure in this book! Do yourself a favor and read this whopper of a tale!

Yet another wonderful story to add to the pile! As others have noted, I could barely put it down! Read it in less than 24 hours! And yes, a very touching ending. I can hardly wait for the next one! Thanks Rusty!

Love the story of Rusty's search. I read this in two days and am looking to purchase more by him. He really tells his story and you are right there with him as he ponders his next move and what he just saw. Although, like him I am anxious to go out searching and yet have no doubt that my bravery would be challenged as his was. Reading about his experiences and his search made me keep turning the pages to find out what was next and yet gave me chills at what he found along the way. A fantastic read!! "Bigfooting" with Rusty was a great adventure!

This book is about Rusty going out to have his own Bigfoot experience. He usually writes about the experiences of others he has met through being a fishing guide. I love his stories. He gets close but not quiet to the Bigfoot. I was expecting him to really get scared but it didn't happen. This means he was true to the experience and he doesn't lie. Rusty allows me to transport to the forest and experience it. If you like to read about being out in the timber then this is a great book. I would recommend all of his campfire stories too!

I rated this 2 stars because I got bored real fast . And I also could have done without telling me every road he was driving on, I really didn't care where he was. I think he should have waited till more interesting stories could have been included in this book. I know now I won't buy any others of his esp when all he did was ramble on about what road he was on and which direction he was going in.

I don't usually read books like this rather going in for more documentary type books. I am especially interested in Bigfoot so I gave this book a try. Although it really does not have much in it about Bigfoot I really liked it. It held my attention and I guess that's an important thing for a book to be able to do.It was fun to read and made me want to go camping, sure gave me a lot to think about. No regrets!

Have read all of the Campfire books so naturally I had to read this one. It's a wonderfully sweet story, told as only he can. I loved the ending. How can he NOT think there is a Bigfoot!
