Synopsis

A young boy named Roxas whiles away the last days of his summer vacation with his three best friends in their quiet little home of Twilight Town. But all is not as it should be in this hamlet nestled between night and day. Strange things keep happening around Roxas, which always seem to involve mysterious creatures...and he is plagued by dreams of a boy named Sora, whom he has never met. Bewildered, Roxas searches for answers . . . Will they lead him to Sora, Donald, and Goofy?

The second installment of the popular Kingdom Hearts video game series makes its way into print as a manga adaptation. Readers follow Roxas, an energetic young boy enjoying his last days of summer vacation, as he struggles to understand the mysterious dreams of a boy named Sora and the appearance of a group of monsters whom fans will recognize as reminiscent of the heartless of the first Kingdom Hearts. Together with his friends Hayner, Olette and Pence, Roxas soaks up the last precious moments of summer, while forces of good and evil conspire to disrupt these peaceful, lazy days. Amano faithfully translates this popular and complicated video game into a manga. The adaptation is very well done, effectively blending battle sequences and in-game fights into elements of a bigger story. New readers will be able to follow along without any complications or knowledge of the first Kingdom Hearts, although the existing fanbase may be put off or bored by the literal

translation of game to manga. (July) Copyright Ã Â© Reed Business Information, a division of Reed Elsevier Inc. All rights reserved. --This text refers to an out of print or unavailable edition of this title.

Love this Kingdom Hearts is my favorite video game series of all time I bought vol 1 & 2 by Tokyopop at a book fair back in 2008 but they never released the rest but then when I heard that they were being reprinted by Yen Press I knew I had to pick them up I bought 2 and 3 first because I didn't have enough and I figured the Yen Press vol 1 was just vol 1 & 2 of the Tokyopop so I bought this one and this time the right one was sent because the last time I ordered from a different seller they sent me the Tokyopop edition vol 1 but they didn't know the difference between the two so it wasn't on purpose

I am so excited to have all of the new American releases of Kingdom Hearts manga coming in! Kingdom Hearts II was excellent, going a bit beyond the two releases that were distributed here in the past. There are also some bonus color pages, and two photo-prints of the cover for the original releases of Kingdom Hearts II, Volume 1, and Volume 2. I highly recommend this purchase!

Son loves

I think it was excellent it grabbed hold and I saw something I have not really seen in manga a great pick to add to your library.

If you are a kingdom hearts fan than you will enjoy this. I played all the games and now I'm reading the manga before the new game is released.

I love the story. This is about my favorite game ever. There is just one thing I didnt like I bought the book USED, I paid a penny lol plus shipping it came not in perfect condition but used will not complain. Because it was so cheap hahahaha but great manga.

This best serves as a companion to the game series rather than a replacement. The more humorous take on the story can appeal to many players, though mostly those who already played

the game. The only downside to the manga series is that combat is heavily condensed or just glossed over.To those who purchased the original prints of the KH2 manga by TOKYOPOP, this serves like a compilation or a catch-up.

My fifteen year old son is hooked on this series and now so am I! Thank you for sharing your talents with the world, author!
