The formatting of this lovely devotional is very welcoming, as each day starts with a quote, Scripture verse, and a personal narrative or an interesting factual account related to the message. Offerings of prayer and points to ponder follow, guiding the reader through moments of inspiration, insight, and empowerment. Kay’s writing sets the stage for grandparents to support, model, and open Christian dialogue with their loved ones-a true gift shared across generations.

I am a grandmother of three girls (19, 16 and 10). Sometimes I can hardly believe that they are almost grown. I am fortunate to live close to them and love to spend time with the girls. I love Kay’s book because it really focuses day by day on things to not only pray but actually do. What better gift could a grandma give to her grandchildren then daily prayer. This is a much beeded resource for all grandmas who care about the souls of their grandchildren.

I received this from a ’seasoned’ grandmother when I became a first time grandmother last year. It’s a wonderfully written inspirational book that helps to brings structure, focus and purpose to our

prayers no matter what age our grandchildren are. I have found that it is also a personal devotional book that challenges & exhorts us to live out our faith authentically. I'm on my second time around and there will be many more.

I'm really enjoying this book! I'm somewhat new in my spiritual walk and I love how the stories are so relative to our day to day challenges and the author does such a great job of framing everything up in away that is so relatable and heart warming. The prayers are so moving and an accurate reflection of what I think and feel! Its also thought provoking with insightful ideas and activities to broaden your spiritual, intellectual and emotional horizons and most important to develop a loving relationship with your grandchildren!

What a well-written, well thought-out book that anyone could use as a devotional and a guide to pray for the next generation, whether they be grandchildren, great-grandchildren, nieces, nephews, or those that you long to see following after Christ. This is a powerful book that you'll use over and over again. I've purchased multiple copies to give away to sisters-in-law and friends so that they can be encouraged in praying for their families. It's definitely a must-have.

This book is delightful! It is inspiring, thoughtful, well written and has invaluable references. I know I will be reading it over and over. It will also be a gift to my friends who are or become grandmothers.

I love Kay's talent to put words on her pages. When I read Kay's work, it is like a mini therapy session for myself.I see the difference in my grand children's lives without me saying a word to them. My Heavenly Father does the work in them as I offer up the actions that Kay suggests in her devotional. All I have to express to them is my love. May God bless her with many more inspirations!

A great 'first-time' grandmother gift!
