Customer Reviews

The edges of the book were a bit bent, possibly in the shipping, but otherwise appeared to be new.

The piano arrangements are really accurate. My husband and I enjoy playing through this book and singing together.

If only I were as great on the piano as Ben Folds.....oh well. The sheet music is good. Buy a copy.

This Ben Folds songbook contains music that does indeed sound like the album, and it's good for accompaniment (doesn't clunk out the melody like so many other books). A friend and I have performed Fred Jones Part 2 a few times at open mics, and we always get compliments!

Such a refreshing thing - to have a book of piano/guitar/vocals that doesn't try to vaguely pluck out the melody in the treble of the piano.

It's Ben Folds. Enough said - quality!
