Synopsis

Ã Â An indispensable resource for selecting a destination and planning a trip in the High Uintas.High Uinta WildernessÃ¢â ¬â •three emotion-charged words that describe a very precious place. The highest mountains, the unique alpine ecosystem, and the largest designated Wilderness in Utah are all found here.This is a complete rewriting of the originalÃ Â High Uinta Trails,Ã Â first published in 1974. Access road and land management information has been expanded, new areas and routes have been added, and trail conditions have been completely updated.The descriptions of the trails, lakes, ridges, and summits are an indispensable resource for selecting a destination and planning a trip but there are still plenty of undocumented places in the Uintas to explore.

Customer Reviews

Yes, absolutely! I have been looking for a copy of this guide book ever since I donated my last copy to a scout group I was teaching a class to.This copy was in perfect condition and I am very pleased to have it!

This book was awesome! Integral planning channel for our scout troop 751 50 mile summer hike. The information provided was most helpful and accurate. Well worth the money. I made copies of a few pages for our hike instead of taking the entire book with me to save weight. Thanks High Uinta Trails.
