Synopsis

Welcome to the secret world of fire magi, where what doesnÃ¢â ¬â„¢t kill you (literally) makes you stronger.Saxony Cagney counts herself lucky when she wins a position as an au pair in Venice for the summer. ItÃ¢â ¬â„¢s her responsibility to take care of two young boys Ã¢â ¬â œ speak to them in English, make sure they get to their swimming lessons on time. Piece of cake, right? She unexpectedly forms a strong bond with the youngest, Isaia, although its a mystery why. She also meets two Italian menÃ¢â ¬Â¦ both are smart, successful, sexy. So far things are going her way. Who doesnÃ¢â ¬â„¢t like options?When she discovers that Isaia is actually dying, and his mom is trying to keep it a secret from his dad, things get a violent shove into complicated...and then contagious. SheÃ¢â ¬â„¢ll never be the same again. Just when sheÃ¢â ¬â„¢s got more on her plate than she can handle, she accidentally gets tangled up with the most powerful crime family in Venice.

Customer Reviews

This is a fun, fast paced sequel to Born of Water, yet can be read alone. It is a nice companion though. Saxony’s personality really shines in this book as she faces Venice and all the beauty and danger it poses. I loved the characters, especially Isaia who shined as brightly as Saxony did. The plot was fast paced and had me turning pages quickly. Definitely worth the read and I can’t wait for the next books.I received this book free from one of the book subscription emails.

The main character was different in the beginning, from the other series elementals. The author has unfolded an amazing story showing the ’strength’ of caring for others; that brings out the best in you, and positively effects others in great and amazing ways. This power is shown to be greater than, and/or compliments the amazing powers of being an elemental. Thank you again. I have read the three other novels of the series. Each one is unique and very exciting. Looking forward to reading the next book coming out soon, Born of Air.

Yeah, this is the set to read!. Each one keeps getting better and better. Saxony was given Fire from a child that she was a nanny to and oh how her life changed. Getting to know the low life from the inside, didn’t help and will get her in trouble later on. Good continuing storyline. I received a complimentary copy of this book for voluntary review consideration.

Honestly, I enjoyed earth and water stories more, but that is mostly not understanding why the character would be attracted to someone when she is told they are mean. She is obviously a giving person but is attracted to someone who is selfish, cocky, and mean? Does not compute. Still, the mythology of fire mages is interesting and she has her finer moments. Good story.

Love this book. Not your typical read. It is the first of a series. Probably more of a young read.

I really like books about the elements and their power.I also like books about different countries. It really felt li,e I was there as I read.

Thanks A.L., another great read, I like the way each of the four best freinds find out they have a power that is different from each other. Reminds me of "The Fifth Element" movie. Looking forward to reading your new ones as they come out. Mahalo,

Good Book, has twists that are unexpected. Liked the plot. Will have to read the rest of the Elemental Origins novels.
