Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Passed with a 5 just using this book!

This is not the best book for studying for the AP Physics 2 test. But is the best you can find at the moment for sure!

Thank you!

Very helpful.

The content is not quite satisfying as expected.
