These book contains a wonderful variety of broadway pieces. The arrangements are fun and beautiful and much more appropriate for younger voices. The keys are much more suitable for developing voices!

My daughter loves performing & seeing musicals & plays. She loved this book.

I have been teaching voice, using both classical and Broadway literature, for 25 years. This anthology is a really good compilation of selections from both old and not so old standard songs that

encompass an easy range for a young singer studying seriously for the first time.

It is a nice edition but I truly wish there would be an audio component. As a vocal coach I appreciate that portion as it helps the students rehearse the piece at between lessons.

I thought this book came with the two CD's, but it did not. Otherwise, the song selections are fine.

Great selection of songs

Purchased as a gift for my daughter. Although, she has not yet had an opportunity to use it, item is as described and contains many, many songs.

No. The Hamilton lyrics are not included.
