Synopsis

Let your imagination take wing with this relaxing coloring book for grownups! Inside you will find 19 original detailed full-page illustrations (8.5 x 11 inches) depict birds of paradise on whimsical floral backgrounds. The line drawings are on one side of the paper only, for the best coloring experience (60# white paper, pages are non-perforated). Ã¢â ¬Å“Birds of paradiseÃ¢â ¬Â• coloring book offers adults and older children an escape to a world of coloring pleasure. This adult coloring book includes the following images of birds of paradise: Greater bird-of-paradise Twelve-wired bird-of-paradise King of Saxony bird-of-paradise Blue bird-of-paradise Red bird-of-paradise Wilson's bird-of-paradise Ribbon-tailed astrapia Huon astrapia King bird-of-paradise Parotia Riflebird Sicklebill Paradigalla Standardwing Manucode Superb bird-of-paradise Magnificent bird-of-paradise Raggiana bird-of-paradise Emperor bird-of-paradise White 60# paper is good for colored pencils, gel pens and markers. It is better to place a blank sheet of paper behind the page you are coloring to prevent bleeding of markers. Happy Coloring!

Customer Reviews

This Birds of Paradise adult coloring book has all full page drawings to color. All are birds with some type of tree or flower in the background. It is nice to see artists drawings rather than stock images.The images all have a lot of detail and a lot to color. You get a nice combination of simple and detailed parts in each drawing.The print link is not a hyperlink and that is the only thing about this book that annoys me.

I Love coloring! So any time I get a new book weather it’s an actual tangible book or a book that’s online that I need to print the pages makes me happy. This book is nice because it doesn’t have a ton of tiny tiny places to color. It’s generally larger spots and the backgrounds are nice. The only reason why I left 4 stars instead of 5 is because on some of the images I feel that the birds look odd. As in the artist drew them in a weird way and sometimes they don’t even look like birds in my opinion. However, that only happened on maybe one or two pages. The other 20 pages were fine and drawn nicely. The backgrounds are just as pleasant to color in as the birds are!I think this is a great addition to anyone who likes to color!***I did get this item at a discounted price in exchange for my honest review, which I did leave above****

Really like this coloring book. Clean lines, no gray or the too-heavy black outlines. We choose to shade, or not, what/where we want. A refreshing Birds coloring book.When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??

This is a beautiful coloring book. I was provided with a copy of the kindle versionin order to review it, and at first I wasn’t totally sure how I would like that. I actually really like this delivery method & I’ll tell you why. When I’ve bought physical copies of various adult coloring books I’ve always found that they had certain designs that I really liked, and others that I wasn’t all that interested in. With the kindle version I was able to turn it into a pdf, save it to my computer and just print out the pages I want to use, when ever I feel like coloring one. I might start buying the kindle versions of other coloring books that I get in the future actually.As far as this book in particular, it’s a great adult coloring book & I like almost every single design it contains. They are very detailed without being annoyingly so. I can’t speak for the paper quality in the physical book itself as I have only used the kindle version, but the pictures themselves are quite lovely. I would recommend this to others who enjoy adult coloring books.

The illustrations are pieces of art themselves - even without colouring. You’ll want to go through every page of the book looking for hidden beauties. Absolutely gorgeous drawing, that makes you dream about jungles full of heavenly birds. Very nice balance between artistic side and the opportunity to fill the pages with colour. Plenty of space to fulfill your desire to create something nice, vibrant and beatiful.

I really enjoy this beautiful book of illustrations by Nedda Al-Madani. The piece dives you into the wonderful world of birds and flowers lovely crafted by author. All the pictures are made with keen understanding of book drawing rules. The book also could be helpful for those who want to improve their sketching skills.

This coloring books for adults and teens has beautiful illustrations of birds. It's very soothing and relaxing to color these pages! The illustrations are large enough to color, but not so big that it resembles a child's coloring book. I received this product at a discount in exchange for my honest opinion.

I am highly impressed! ÃƒÂ¢Ã â ¬Ã Å“Birds of paradiseÃƒÂ¢Ã â ¬Ã Â• by Nedda Al-Madani is remarkable coloring book!Birds and beautiful flowers are given in such fine details that it would be great to use those guide lines for my embroidery projects. The more details the better, the result would be more colorful. Thanks for the ideas!
