Customer Reviews

This is a wonderfully informative book, filled with something for everyone. I bought the book primarily for the history chapters -- I'd just returned from a trip to Namibia and wanted to know more about the country. And I became well-educated thanks to this book. But there's so much more -- travel recommendations, weather, culture, maps, photos, everything a traveler will want to know before going. I would recommend this book to anyone interested in Namibia, not just those traveling to the country.

Namibia by Lonely Planet lived up to the usual high standards of Lonely Planet books.

It's a great book. Has about everything you'd want to know before going to Namibia. And it looks like it will be a welcome travel companion as well.

The book was what we expected. (Very Good)It was great to find an out of print book we wanted.
