Synopsis

This statement was true when H. P. Lovecraft first wrote it at the beginning of the twentieth century, and it remains true at the beginning of the twenty-first century. The only thing that has changed is what is unknown. With each passing year, science, technology, and the march of time shine light into the craggy corners of the universe, making the fears of an earlier generation seem quaint. But this "light" creates its own shadows. The Best Horror of the Year, edited by Ellen Datlow, chronicles these shifting shadows. It is a catalog of terror, fear, and unpleasantness, as articulated by today's most challenging and exciting writers. The best horror writers of today do the same thing that horror writers of a hundred years ago did. They tell good storiesÃ¢â ¬â •stories that scare us. And when these writers tell really good stories that really scare us, Ellen Datlow notices. She's been noticing for more than a quarter century. For twenty-one years, she coedited The Year's Best Fantasy and Horror, and for the last six years, she's edited this series. In addition to this monumental cataloging of the best, she has edited hundreds of other horror anthologies and won numerous awards, including the Hugo, Bram Stoker, and World Fantasy awards. More than any other editor or critic, Ellen Datlow has charted the shadowy abyss of horror fiction. Join

Customer Reviews

I’ve come to love anthologies; in the good ones, the stories are short enough to not get boring, but long enough to leave you satisfied. They can be read quickly, say on your morning commute, and they leave you longing for more. This one did all of that, as her collections usually do. Can’t wait to start the next one!

There are some really good stories in this collection. Even the 1 or 2 that were not mind blowing were pretty good.I would recommend this to anyone looking for some variety in their horror.

good read

Pretty good anthology

I enjoyed this

Great book.

I love short stories. Each of these tales stretched my imagination and took me to places to explore. All different meanings of a horror tale.

Some good stories. Nothing spectacular, but a good read if you’re relaxing on the beach.
