I love this SIDDUR!! It is extremely exhaustive! and includes almost anything you would need !!! Plus I was thrilled that the (POCKET SIZE) Art scroll Siddur was not a small book, it is actually closer to an Daf Yomi or Student size. And of course you will never be let down by the craftsmanship of Art scroll!!!! The price was Excellent!! I am a disabled American who lives on a finite income!!! So when I get a chance to upgrade my library at an affordable price I do everything I can!!! Thanks for helping me achieve this purchase at a VERY reasonable price!!

If like me, you are looking to create a meaningful spiritual practice, with Judaism at its core, this siddur is a place to get started. You don't have to have a traditional background (I don't) or want one now, (I don't). But this suddur is a gateway to open up to a spiritual connection. And on a practical note, its compact, easy to travel with and carry around, sturdy, with lots of notes and explanations. The print, while small, is clear, dark (on opaque pages) and easy to read. Its got a table of contents so you can find what you need easily.It is not the end all and be all, there are other siddurs to add to your collection. But its a basic, and a good place to start the journey.

This edition and translation of the Siddur is a beautiful book and has accompanied countless Jews over the course of a spiritual journey. It's a shame to have to report that the physical production isn't what it should be. Too many pages are printed lightly. That would be one thing in a novel that you plan to read once and then put permanently on a shelf. A book for daily use should be printed consistently across every single page, not with some pages being easily readable and others not.When I purchased a new Siddur this time from , I returned it for another which had much the same problems. I will keep that one but not happily. 's return policy is superb as always.

Standard siddur.Easy to read, had it for years, Hebrew and English.

Amazingly comprehensive Siddur. Must have for anyone of any level - complete with commentaries on traditions.

My very first Siddur that I owned. I keep going back to it year after year!

An invaluable source for the most common prayers used in the Jewish faith both Sephardic and Ashkenazic, with distinction and references delineating which is which. Organized in the flow of the daily observances, it is exceedingly simple to follow along and the facing English-Hebrew pages make cross-referencing a snap for those trying to learn the language. I highly recommend this book for both the curious and dedicated.

Awesome quality for a small Siddur. You won't find a smaller Siddur although that's a plus because you'll need a magnifier to read it. Of course you'll need the full size version as well so plan accordingly.
