Book by Daniel W. Barefoot

This book is really very good, but is now much out of date. It needs a second edition to address changes/additions since 1995.

This book inspired me to plan a series of long weekend trips to the lower NC coast, and revisit some of the places I vacationed at as a child/teenager. There are many historic and curious areas and sites pointed out in every chapter, places that we drove by years ago, but never really took notice of. For instance, a civil war ship wrecked close to the beach and now located under a fishing pier is only one of the many curousities Barefoot discusses. I was also inspired to visit places I had never been, such as the town of Southport, at the mouth of the Cape Fear River, and Bald Head Island, just a 20 minute ferry ride away. The descriptions of even the smallest details given by Barefoot lured me to find these wonderful places.I can now appreciate the lower NC coast both from the historical perspective, and from the aspect of its unspoiled, natural beauty.
