Customer Reviews

It was really cheap so I gambled 3 dollars. It is Ok for the amount. But I will buy a normal book guide. I would probably not buy something similar for another city.

This book was ok, it covers the tourist attractions. You can easily Google this places. This book also explains how to use public transit, and the cost for train, bus, taxis to certain locations. Which I thought was nice. Some of the hyperlinks no longer work. :(

I like the no nonsense direct approach . I think the information is very useful. One fact is wrong though, we are arriving by an Etihad flight to the S G airport not AtatÃƒÂ rk as the book claims all international flights do.Other than that I think it is useful and straightforward.

Great brief book. Very helpful with hours open, when to go or not to go & prices of venues.

Great book.

Very informative and helpful! This book is a great one to look at if you are interested in going to Istanbul at any point, or even if you are just interested in learning a bit about the area and places to go there. Definitely would recommend.
