Customer Reviews

Was in Belgrade recently as a stop on a Danube river boat tour. Used the map primarily for walking, my fiance and me, from the boat dock to the city center and having an evening dinner (excellent) at an outdoor restaurant. The map worked quite well and was easy to follow. I prefer these dependable hard-copy maps to the not always dependable smartphone service. Also prefer these maps to the electronic maps since this hard-copy map lets you see the "big picture" rather than a small screen.
