Customer Reviews

Box sets box sets box sets!! I love me some box sets, they let me find new authors and still read books that I have been wanting to read from others.Little RedOmg loved it the queen is a trip, Lana is bad ass and proves a female can be alpha, and Chase has to take his foot or rather both feet out of his mouth.....you know typical male stuffRumpelstiltskinI really enjoyed this version of the story, who knew making Rumpelstiltskin a hero would be so good. The characters were so believable that sometimes I could imagine sitting in the dark and watching them have their conversations. I totally enjoyed the fact that the author does not become tedious with descriptions as that is a huge pet

peeve of mine in reading.StepbrotherI am totally in love with the story lines in this series. It gives a fresh adult view into old fairy tales. I also like how the author has characters from previous books included in the story so we see just how far the happily ever after is. Yes it is part of a series and a must read !!Bones and AshThis one was dark and depressing and kind of hard for me to read for personal reasons. Still a decent story though do not let my thoughts hinder you on reading it.

Great collection!Each author gives us their own take on fairy tales.You cant' go wrong w/ this collection.Drama, romance, love, hot sex. etc.What more can you ask?Run + buy this collection

amazing box set so far. cant wait to finish it

Enjoyed all of the tales but one. All follow a well-known fairy tale but throw in a few twist alone the way.

This was a good book me likely very much, the writing flowed and ebbed like the gentlest waves on the shore. The first book was wonderful. Rumpelstiltskin is my new favorite leading man. The different take on Hansel and Gretel made me want to scream at all the towns people and the Faye are always there to help at the end. There were a few books in the middle that bored me but overall me likely very much. Would recommend it

A great collection of your favorite fairy tales revamped.Fly by Demelza CarltonAva has courage even though she is scared and she has integrity. Lagle is devious and heartless, but with purpose. Yun is sweet and a true leader. It was a great story and was interesting to see how several of the stories linked together that the author has written in her fairy tale revamping.

Twisted: Flipped Fairy Tales was a totally enjoyable read. I've read nothing like these tales and it was great fun throughout. Oh think everyone will enjoy these tales.Jan PhelanTemple, Texas

I loved Rumplestiltskin immensely,both versions were a new take on this story! bone ivory was one of the best "flipped" versions of Snow white I've read,and the evil Hansel and Gretel was just creepy! all were great stories!
