Synopsis

Stand out from the med school application crowd with an essay that makes a statement. Gaining admission to a top medical school requires more than "just" a stellar MCAT score and an excellent GPA. You'll also need to nail your personal statement. In this book, youÃ¢â ¬â„¢ll find the help you need to do just that: Ã Â Ã Â Ã Â Ã¢â ¬Â¢Ã Â 45 real essays written by 39 unique future doctors, along with each applicantÃ¢â ¬â„¢s test scores, GPA, and admissions profile
Ã Â Ã Â Ã Â Ã¢â ¬Â¢Ã Â An overview of med school admissions and financial aid, including a breakdown of the Ã¢â ¬Å“anatomyÃ¢â ¬Â• of the application
Ã Â Ã Â Ã Â Ã¢â ¬Â¢Ã Â Interviews with admissions officers who have read thousands of application essays This fourth edition ofÃ Â Medical School Essays that Made a DifferenceÃ Â includes application essays from students who enrolled at the following schools: Baylor College of Medicine Case Western Reserve University, Cleveland Clinic Lerner College of Medicine Cornell University, Weill Medical College Edward Via Virginia College of Osteopathic Medicine Georgetown University, School of Medicine Johns Hopkins University, School of Medicine Medical College of Georgia Meharry Medical College, School of Medicine Michigan State University, College of Osteopathic Medicine New York University, NYU School of Medicine Rush University, Rush Medical College Temple University, School of Medicine Thomas Jefferson University, Jefferson Medical College Tulane University, School of Medicine University of CaliforniaÃ¢â ¬â •San Francisco, School of Medicine University of MinnesotaÃ¢â ¬â •Twin Cities, Medical School University of North Dakota, School of Medicine and Health Sciences University of South Alabama, College of Medicine University of South Florida, College of Medicine University of Southern California, Keck School of Medicine University of Virginia, School of Medicine University of WisconsinÃ¢â ¬â •Madison, School of Medicine Virginia College of Osteopathic Medicine Washington University in St. Louis, School of Medicine Yale University, School of Medicine Yeshiva University, Albert Einstein College of Medicine

Customer Reviews

This book just throws essays at you without any comment on the essays. Certainly there are strengths and weaknesses to each essay and wouldn't presenting those along with the essay be helpful? I think so.Try this book: http://www..com/Essays-That-Will-Medical-School/dp/1438002742/ref=pd_sim_sbs_b_1?ie=UTF8&refRID=1NYTMJQVE5STRSE8DRZQ

Not that helpful, this is just a collection of personal statements that applicants who've been accepted have used. I think their only criteria for the selection of essays was that the student had been accepted somewhere.I would recommend purchasing books written my medical school consultants who have helped thousands of students get in. They generally present concise advice, what to do, with examples picked to drive home those points.

This book will make you depressed to s*** and wanna give up on dream of medical school. I guess it doesn't realize that everyone takes life at their own pace and makes their own path. If you are a tiger-parented drone though then you don't need it if you are not the deffinetley don't get it since I doubt it will help you unless you want to adapt some of the ideas from their essays.

It's the latest edition for Medical School Essays That Made a Difference, has lots of basic information in the beginning of the book which is great for those who are just starting out their PreMed journey. I took off one star because for one applicant who got into a really good school they did not provide an MCAT score & in another page they had the wrong page to refer to for the schools they were accepted to.

This book is great! Reading other personal statements and being able to see where the students

were accepted to medical school helped me a lot. I would definitely recommend this as a resource to anyone who is applying to med school.

During my application phase, I was read all of the contained essays which greatly enhanced the brainstorming and ideas for my essay. However my final essay turned out completely different from the ideas within the essays I read, I gained a lot of inspiration and creative ideas from this book.

It was not what i expected, and it doesn't actually help you with medical school. I wouldn't recommend wasting your money.

A great book! This book was essential for helping me write my personal statement for Medical School.
