This little volume is obviously a labor of love. It is a high quality example of the book-makers art, from cover to typeface. Of course the real star here is the stories, taken from the Upanishads and translated from the original Sanskrit by the authors. Thomas Egenes is a highly acclaimed Sanskrit scholar, and the author of the wonderfully clear and effective 'Introduction to Sanskrit' Parts one and two.I very much enjoyed reading this book, and have given it a permanent place in my living room as a book of special worth and note.

As I browsed my friend's bookshelf looking for an uplifting read on my birthday, this attractive volume of stories caught my eye. Knowing nothing about the Upanisheads, I devoured this book until reluctantly I put it down to go to the beach! Simple to follow and compelling, these stories of old written in the new draws one in to the nugget of wisdom held within each story. The nuggets resonated deep within my heart. I felt a new committment to shift the focus of my life to one of "knowing the Self"."Those who know the Self have even minds. They reach their home." (p. 30)"The innermost self resides in the center of the heart like a flame without smoke..."Upanishead 3.13.7:"There is a light which shines beyond the world, beyond everything, beyond all, beyond the highest heaven. This is the light which shines within your own heart.""If you know the real nature of the Self, you will never want anything. You will always be content."Imagine a life knowing this depth of contentment and peace. Imagine a world of Beings knowing the light which shines within. Read this fabulous book and mine the nuggets of wisdom to Know thy Self.

A friend recommended All Love Flows to the Self... Eternal Stories from the Upanishads. She and her teenage son were sharing some quality time reading one of the twelve stories every night, and they were enjoying both the story content and the feeling of settledness that resulted from reading uplifting, classic-style literature. The book jacket comments, "The timeless and universal wisdom expressed in these twelve stories reminds us of the natural flow of life towards its supreme goal." And a reviewer goes on to say, "The Upanishads are perhaps the greatest works of wisdom known to man." I was further enticed and purchased the book. Now, I read and reread a story and stop to savor a descriptive phrase, such as "...stars, scattered across the sky like a thousand sugar crystals." And I pause now and then and realize that these stories reflect some greater, spiritual

truth in my own life. All Love Flows to the Self takes the reader to a deeper, refreshing level. I also appreciate the color photos that accompany the stories, the Sanskrit phrases, and the glossary that really make this book complete.

All Love Flows to the Self was given to me almost 10 years ago and it is a sweet and beautiful book I come back to over and over. The stories are full of rich imagery, uplifting and very soothing. The stories are also quite lovely to read out loud to another or just to oneself :)
