Synopsis

Overcome the toughest clinical challenges in nephrology with Brenner & RectorÃ¢â ¬â„¢s The Kidney -- the most well-known nephrology resource in the world. A diverse team of more than 200 international contributors brings you the latest knowledge and best practices on every front in nephrology worldwide. From basic science and pathophysiology to clinical best practices, Brenner & RectorÃ¢â ¬â„¢s The Kidney is your go-to resource for any stage of your career.Review of the basic science that underpins clinical nephrology, comprehensive selection of the most important bibliographical sources in nephrology, and Board Review-style questions help you prepare for certification or recertification. Coverage of kidney health and disease from pre-conception through fetal and infant health, childhood, adulthood, and into old age. Expanded sections and chapter on global perspective and ethical considerations. Uniform terminology and nomenclature in line with emerging consensus in world kidney community. More than 700 full-color high-quality photographs as well as carefully chosen figures, algorithms, and tables to illustrate essential concepts, nuances of clinical presentation and technique, and decision making provide a visual grasp and better understanding of critical information.

Customer Reviews

"Brenner and Rector’s The Kidney is the epitome of references on renal information and learning. The language is easy to understand and follows the accepted nomenclature. The images and

overall visual representations are beautiful composed. This update is justified considering the new information and challenges brought to light regarding the kidney. This is the top nephrology reference for medical practitioners." -Juan-Carlos Aycinena, MD (University of Kentucky College of Medicine) DoodyÃ¢â ¬â„¢s Score: 95 - 4 Stars! Ã Â "The new edition of The Kidney, is a tour de force, edited by outstanding nephrologists and authored by internationally renowned experts. Its comprehensiveness for renal specialists beautifully complements Goldman-Cecil Medicine's overview for non-nephrologists." -Lee Goldman, author of Goldman-Cecil Medicine

Excellent book, looks like new

Excellent and comprehensive

excellent book
