This books is mainly for beginners. It is a great book to train your writing skills because it goes step by step. Each chapter has a part for editing. There is also basic sentence grammar, and the book offers different themes that you write about. The themes center about events from daily life. So, you can surely train your skills without having to having to attaining content about a subject.

I have used three of the books in the Writers at Work series for academic IEP courses, and I like all of them. The chapters are topical, and they teach grammar that relates to the topic. One huge thing they are missing is activities with verb tenses, but I can usually supplement enough with outside activities.

I purchased the book for my writing class. Good book, good price. Clean book, excellent condition. I will recommend the seller my friends. Thanks
