Beautiful sisters Elizabeth and Diana Holland rule Manhattan’s social scene. But when the girls discover their status among New York City’s elite is far from secure, suddenly everyoneÃ¢â ¬â •from the backstabbing socialite Penelope Hayes, to the debonair bachelor Henry Schoonmaker, to the spiteful maid Lina BroudÃ¢â ¬â •threatens Elizabeth’s and Diana’s golden future.The first three delicious novels in the Luxe series introduce a world of luxury and deception, where nothing is more dangerous than a scandal or more precious than a secret. . . .

Anna Godbersen was born in Berkeley, California, and educated at Barnard College. She currently lives in Brooklyn, New York, where she is at work on the sequel to The Lucky Ones.

I'm not giving the book itself a bad rating, anna is a great writer and I love the series but the 3 stars come from the seller. Although it did arrive 2 days early, the quality of the box set was quite worn. Readable and everything but obviously had wear. I would buy from the seller again because I also bought a copy of winter's tale and it was in perfect condition but if your someone who is big on condition of the book and not just reading the book I would make sure you specify a new copy is what you want. Otherwise no problems.

These books are a great read, and for a great value! For people who love the thought of having tea in the afternoon with a pretty dress on and play hard to get with the men who would like your hand... then this is a great story for you! I am a huge romantic and this story has many romatic story lines in it! If you love to read, and you love romance without all the dirty story lines, then buy these books!

Enjoy and get ready to read the whole set that will take you to an unforgettable journey throughout Manhattan 1899...

I bought this series of books for my daughter who was 13 at the time. She had a hard time understanding the language. I guess it was written in an older style of speech.

I read this series when I was younger and absolutely loved the gossip and the winding of the novel. Definitely a book of sexy historical elite scandal that I would recommend.

This was a gift

It's great to have the all three books in the set. The only thing I would change is that there is a fourth book out (and the last one, I believe), so you might want to consider a set that includes all four. Anyway, I love the series. Predictable plot but still many twists and turns to keep you in suspense!

I loved this series. It was full of drama and every chapter led to a twist turning event that always had me on my toes. I would reccomend this to everyone!
