Reader-friendly; hundreds of new listings and highlighted descriptions and the best places to find them; a multitude of information saving you time and money. --This text refers to an out of print or unavailable edition of this title.

I love New York. This book is about finding your New York. While "Where To..." has become better organized and more formalized over the years, it remains a collection of personal notes and opinions. Nobody pays for a listing. Whether you're planning your first visit to New York or have lived here all your life, I think my insights will prove helpful. --This text refers to an out of print or unavailable edition of this title.

I knew this book many years ago and from time to time I get the last edition . This a very useful and unique guide to visit New York with a lot of interesting information and hints

This is a book for foreign and for New YorkersI am a Brazilian,but all the time I plan to go to NY I buy this bookIt contains everything you want to do in NY,mainly in Manhattan.As I usually do, I buy this book 1 month before going to NY,this way I can be uptodate with what happends in a big appleI recomend this book for all who needs different option in the city,because this is a book written by a nativeI have some friends in the city, who doesn't know the several adresses that contains in the book from Gerry Frank.

It's informative, but outdated. The restaurants may or may not exist. The site portion of the book is good.

I have used Gerry Frank's book for years It is the best overall book to find everything you need when visiting NYC. It is very well researched and will give you great insight to plan a trip. I grew up in New york but when i go back home i use two sources Gerry Franks book and for the most current events i refer to New York Magazine.

For any one considering a trip to NYC, this is a great and up to date resource. Have used his older editions and his ideas are top notch!

This is the best book about New York that I've been able to find anywhere. I've purchased 3 editions and I would follow any of his recommendations. He doesn't leave anything out. Great guide for anyone who hasn't visited NYC and for regular visitors as well.

I purchased this for my great niece who just moved to New York. I'vebought Mr. Frank's book in past editions, probably 3. He comes out witha new book every year. When some girl friends and I went to N.Y. I boughtthe '84 edition, eventually the '87 and "89 editions. They were our Bibleand everything we tried from the book lived up to Mr. Frank's recommendations. So I thought my great niece should have a copy also.She said the day it arrived she stayed up until 3 a.m. reading it.

An excellent and essential book for anyone in NYC; covers wide-ranging topics that impact everyone. Thoroughly recemmend it. I use it all the time. Though the index is a bit limited!
