Synopsis

Includes the following Harry Bosch thrillers, award-winning and all voiced by standout Broadway veteran Len Cariou: THE NARROWS (AudioFile Magazine Earphones Award Winner): FBI agent Rachel Walling finally gets the call she's dreaded for years, the one that tells her the Poet has surfaced. She has never forgotten the serial killer who wove lines of poetry in his hideous crimes--and apparently he has not forgotten her.Former LAPD detective Harry Bosch gets a call, too--from the widow of an old friend. Her husband's death seems natural, but his ties to the hunt for the Poet make Bosch dig deep. Arriving at a derelict spot in the California desert where the feds are unearthing bodies, Bosch joins forces with Rachel. Now the two are at odds with the FBI...and squarely in the path of the Poet, who will lead them on a wicked ride out of the heat, through the narrows of evil, and into a darkness all his own...ECHO PARK (2007 Audie Award Winner for Mystery): In 1995, Marie Gesto disappeared after walking out of a supermarket in Hollywood. Harry Bosch worked the case but couldn't crack it, and the 22-year-old woman never turned up, dead or alive. Now Bosch is in the Open-Unsolved Unit, where he still keeps the Gesto file on his desk, when he gets a call from the DA. Michael Connelly's suspenseful new novel pits the detective People magazine calls "one of the most complex crime fighters around" against one of the most sadistic killers he has ever confronted. It confirms that Michael Connelly "is the best writer of suspense fiction working today" (Richmond Times-Dispatch).THE OVERLOOK: In his first case since he left the LAPD's Open Unsolved Unit for the prestigious Homicide Special squad, Harry Bosch is called out to investigate a murder that may have chilling consequences for national security. A doctor with access to a dangerous radioactive substance is found murdered in the trunk of his car. Retracing his steps, Harry learns that a large quantity of radioactive cesium was stolen shortly before the doctor's death. With the cesium in unknown hands, Harry fears the murder could be part of a terrorist plot to poison a major American city.

Customer Reviews

"Len Cariou's pitch- perfect performance is understated yet expressive. His tone, pacing, and characterization capture the inner turmoil of the detective and the grittiness of the corrupt environment in which he operates. The abridgment never seems choppy or incomplete. And those new to the series will be drawn in without missing a beat. Connelly writes a compelling story with a strong sense of place, and Cariou delivers it with style."Ã¢â ¬â ¢-AudioFile Magazine on Echo Park"How smart and fortunate for listeners that Hachette Audio has turned to veteran Connelly reader Len Cariou for some added weight. Cariou catches all the strength and sadness behind Bosch's minimal dialogue and is also perfect as Harry's LAPD colleagues, female and male. He is especially good at bringing to frightening life the real villains. "Ã¢â ¬â ¢-Publishers Weekly on The Overlook"Connelly (Echo Park) delivers a masterly piece of cotemporary fiction that goes beyond the average police procedural. Connelly's novels are quite simply only getting better with age; the banter of the murder investigation is smart and the action taut. This sixth narraton of a Bosch mystery by Len Cariou is excellent and brings the characters to life. Highly recommended."Ã¢â ¬â ¢-Libary Journal on The Overlook

I always love Michael Connelly's Harry Bosch stories. Such a complex and interesting character. And I think of Len Cariou's voice as THE voice of Bosch. I have read all three of these books, but I always listen to the book later, also. Bosch has been my cross country and across town companion many times.My only complaint about this purchase was that a disc was missing. There are 23 hours of listening, so it takes a while to get through. I didn't catch the problem until it was too late; has a 30 policy for exchanges. I have never had this happen before, so I didn't count the discs right away. Lesson learned. I feel burned that I missed the second to last disc when things were getting exciting!

The Michael Connelly books are consistently great. The reader is good. The stories well executed with no pretense. As a person doing long commutes, I switch back and forth between non-fiction

and fiction. I can count on Harry Bosch to keep me awake and safe on the road!!

I've never been disappointed by any of Connelly's printed books or audio books and this box set is no exception. A great bargain.

I loved these books and I absolutely love Len Cariou as the reader!

Great value for any Michael Connelly/Harry Bosch fan. The audio tapes compliment the books, rather than replaces them. But they are great if you do a lot of driving and your opportunities for reading are limited.

This was such a fun set to listen to while commuting around Orange and LA Counties. Especially in LA since most of it takes place there. Great stories.

Great road trip books.

Harry Bosch is a true great character. I loved following him through his ups and downs in Michael Connelly's stories.
