Allie Brosh started her award-winning blog, Hyperbole and a Half.com, in 2009. In 2013, Advertising Age named Brosh one of the fifty most influential creative figures in the world. She lives in Bend, Oregon.

It's Allie Brosh. Of course it's perfect and everything you could ever hope and dream for

Bright, colorful, straight from Allie Brosh's imagination comes this wonderfully delightful 2015 wall calendar! The calendar is large, which means more colors and fun! I have it hanging up in my office currently since it shows the last four months of 2014 on one page. There are swear words here and there, but I'll just stick a post-it over them to censor it so that it's work-appropriate. I'm a cat person, Brosh has doggies and has doodles of them but I don't mind because it's just so wonderful! If you're

a fan of her blog and book, you'll love this calendar. Wait, no, you NEED this calendar! BE ONE OF US!

Hands up! The single best purchase of my entire 2015 year. No, I don't think that's too grand a statement to make. Yes, I do know it's only January. No, I don't think I'm digging myself a regret hole. Yes, I do love Allie Brosh's work. No, I don't think I'll get tired of staring at this beautiful calendar at any point during the entirety of the remainder of the year. Yes, I am getting tired of your questions. No, you're not allowed to ask any more questions.An absolute necessity for anyone who a) Enjoys Allie's work, b) Has read her book, c) Can appreciate color and cake, or d) Any combination of the above.

I like this calendar, I don't love it. I had high hopes for it being as amazing as Allie's blog and for me it fell short. Maybe it's because you don't have the stories behind her drawings, but there were only a couple months that I was really into. January was my favorite. I think there are other drawings, etc that would have been better suited to a calendar. I still like it a lot, however, I probably would purchase something else in the future.

I absolutely adore Allie Brosh & my life without this calendar would be even more confusing. The month I like best is July b/c it has "cake cake cake cake caaake." How did she know it's my birthday? The spaces for the days are kind of disjointed but you weren't that busy anyway.

I love Allie Brosh's blog, book, and illustrations, so this calendar was pretty much a given for me. The paper is fairly heavy, has a nice gloss to it, and it has everything that you might look for in a good calendar. There's plenty of space to write, loads of cute illustrations throughout including my favorite, January's "Maybe everything isn't hopeless bull$hit" (Can you curse on ?)I'm a fairly disorganized person, so having a calendar is a must. It's a lot better when that calendar makes you smile each day.

I am a long time follower of Hyperbole and a Half! Her blog nearly had me peeing myself when I was pregnant with my youngest son. Lordy. I was happy to be able to purchase the calendar. I was lazy and waited till July to purchase and it was funny because my daughter had a birthday and the cartoon was about eating cake. Ha ha! We all had a good laugh! So funny.

This was probably my favorite calendar EVER. I was always excited to change the month and see what was new for each month. If I wasn't bought a calendar for this year I would have bought another one of these for 2016.
