Nice gift for my God Daughter.

All great icons begin with a great drawing. Simon Oskolniy has masterfully and prayerfully presented the amazing skeletons that are brought to life with prayer and color. It is an excellent book for prayer and meditation, for studying iconography, for coloring and for celebrating the kingdom of God.

Wonderful book and excellent transaction!

Very beautiful coloring book

A+

I got this after taking a couple of years of icon classes. It has beautiful blackline drawings of several well known icons, and of several that are not as well known. These are excellent quality drawings, and could be immediately used as the foundation drawing to begin writing an icon. I am very impressed with this book.

This book is very educational and it’s great for all ages. Coloring the icons serve to lift us to the prototypes and help to remember things that are of vital importance to us.
