Synopsis

"Read and Learn" is a collection of non-fiction books that aim to help young readers discover and understand the world around them. In the "Life Cycles" strand, each book investigates the various stages in different plant or animal's life process. The book highlights the key features of each animal or plant, including its growth, feeding and development. Chapter headings are designed as child-friendly questions to help children focus and learn.

Customer Reviews

Kindergarten-Grade 2-These easy readers explore their featured animals' life cycles. In each two-page section, a heading in boldface asks a question related to a developmental stage, such as, respectively, "What Do Caterpillars Eat?

Great photos and a question and answer format show the phases of a butterflys life cycle.
