Customer Reviews

Lousy lousy waste of time and money! Phone books work about as good. Almost everything is referred elsewhere. I could and have done that by myself. I guess the title should change- -Guidebook to Everybody Else.I hate it when people take advantage of others' suffering.

Very informative. and in plain english.

An authoritative compendium. Maybe it should have been the most updated version from the

publisher, released on Oct 31, 2012.
